

Live Webinar - Shipbuilding and Shiprepairers – What is the difference?

Duration

90 Minutes

About the course

This live on-line interactive bitesize insurance webinar is designed to introduce delegates to the difference between Shipbuilding and Shiprepairers.

There will be a maximum of 15 delegates.

This webinar will be delivered via Zoom.

Course Content

- What could go wrong for which a **shipbuilder** might be responsible?
- What could go wrong for which a **shiprepairer** might be responsible?
 - How might these responsibilities arise?
 - Are your clients only repairers or is that only part of their work?
- Overview of a standard Builder's Risk wording
- Overview of a standard SLL wording
- What underwriters will be considering in relation to these risks
